"FAMILY HERITAGE SPANNING THREE GENERATIONS."

6

THE TIPTOE ADVENTURE BEGAN IN 2015.

We created TIPTOE in 2015 with the ambition of creating sustainable furniture that is well-designed, well-produced and built to last. Year after year, we revisit the iconic objects of the home, infusing them with our share of optimism, creativity and modernity.

Our obsession? To create useful and timeless objects, durable and of high quality, at the right price every time. These demands are based on the excellence of a 100% European production combined with the know-how of our family factory created 3 generations ago near Chamonix by the grandfather of Matthieu Bourgeaux.

L'AVENTURE TIPTOE COMMENCE EN 2015.

Nous créons TIPTOE en 2015 avec l'ambition de créer des meubles durables bien pensés, bien produits et conçus pour durer. Année après année, nous revisitons les objets iconiques de la maison en leur insufflant notre part d'optimisme, de créativité et de modernité.

Notre obsession? Créer des objets utiles et intemporels, durables et de grande qualité, à chaque fois au prix juste. Ces exigences s'appuient sur l'excellence d'une fabrication 100% européenne alliée au savoir-faire de notre usine familiale créée il y a 3 générations près de Chamonix par le grand-père de Matthieu Bourgeaux.

WE ARE ON A MISSION TO MAKE SUSTAINABLE FURNITURE

We take a holistic approach to sustainability to control the environmental impact of our business at every link in the value chain while ensuring the longevity and recyclability of our products.

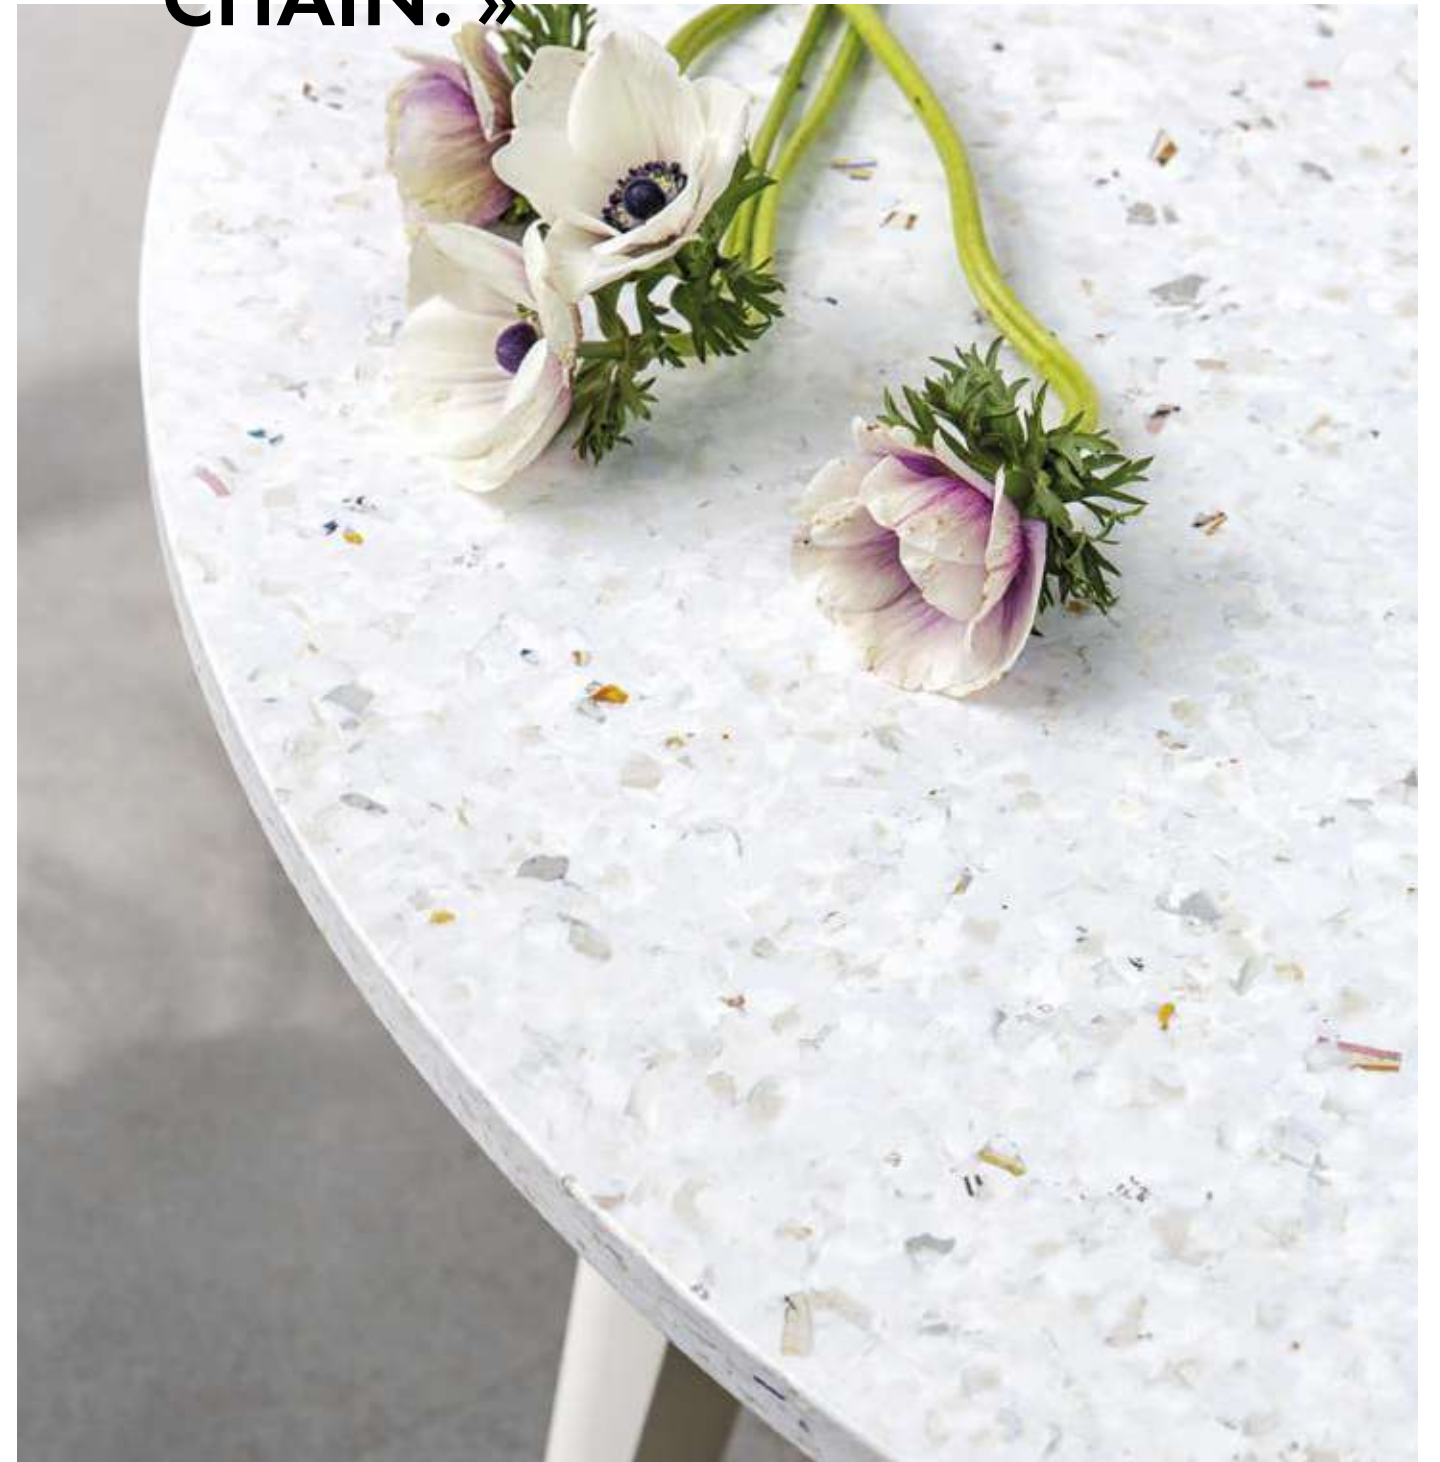

Our 100% European manufacturing is based on the use of durable and resistant materials, easy to recycle or already recycled. Each TIPTOE product is designed to stand the test of time, to be easy to repair and easily recyclable when the time comes.

NOUS CREONS DES MEUBLES DURABLES BIEN PENSES, BIEN PRODUITS ET CONÇUS POUR DURER.

Nous abordons la durabilité de manière globale afin de maîtriser l'impact environnemental de notre activité à chaque étape de la chaîne de valeur tout en assurant la longévité et la recyclabilité de nos produits.

Notre fabrication 100% européenne repose sur l'utilisation de matériaux durables et résistants, faciles à recycler ou déjà recyclés. Chaque produit TIPTOE est conçu pour résister au temps, être facile à réparer et être aisément recyclable le temps venu.

« WE STRIVE TO HAVE THE LEAST IMPACT AT EVERY STEP OF THE VALUE CHAIN. »

**“THESE 5 PRINCIPLES ALLOW
US TO HAVE A VERY STRONG
DIRECTION WHEN IT COMES
TO SUSTAINABILITY.”**

OUR 5 PRINCIPLES FOR SUSTAINABLE DESIGN

Nos 5 principes pour un design durable

1 Make things simple

Créer des objets simples

2 Make more with less

Faire beaucoup avec peu

3 Use the right materials

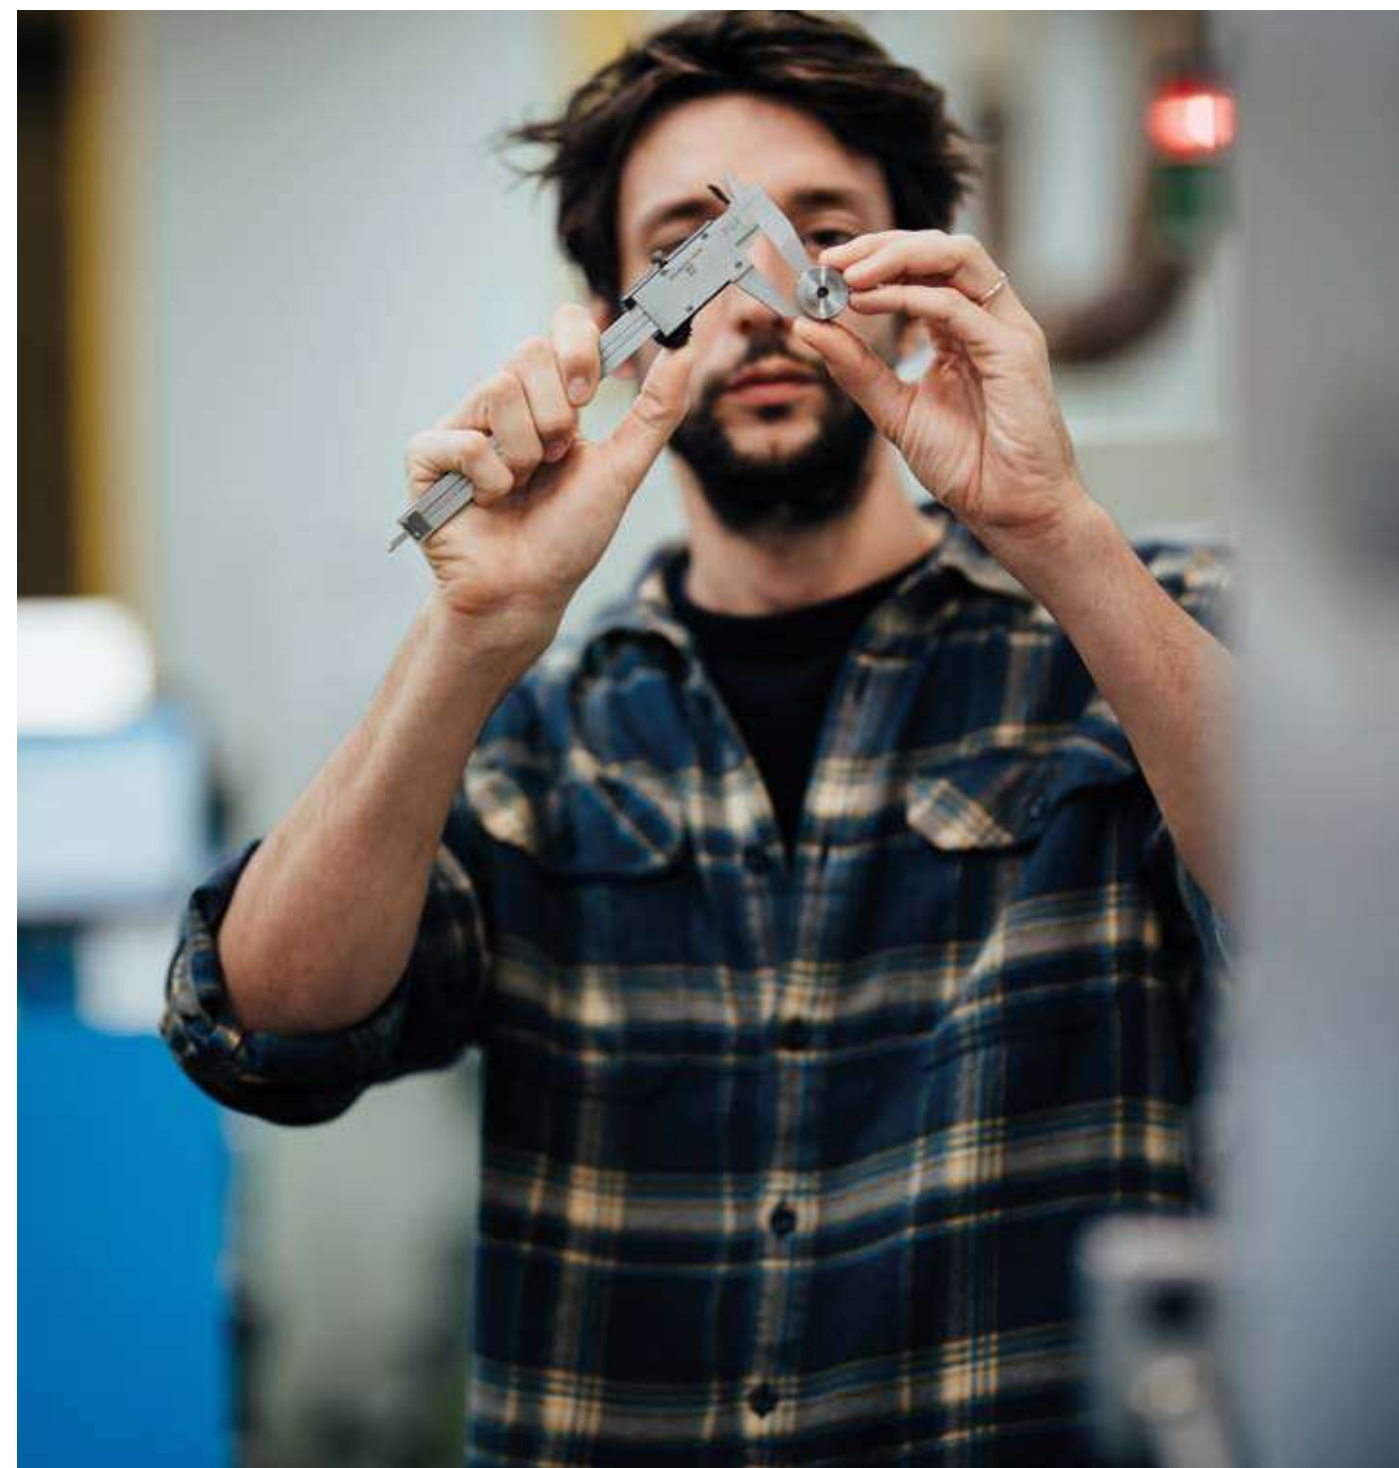

Utiliser les bons matériaux

4 Build to last

Créer pour durer

5 Design for disassembly
