**For the attention of:**

**Unknown Nordic,  
Bomholtvej 10  
Denmark  
CVR-nr 41093978**

### **Warranty regarding C4 coating for indoor and outdoor use**

C4 coating is applied to the Unknown Nordic stands. The C4 anti-corrosive 2 layer coating guarantees a durability of minimum 5 years (normal tear and wear) depending on concentration of salt and chlorine. The warrantee is 2 years.

C4 painting process: galvanizing, powder coating.

C4 - has protection against salt and chlorine.

C4 - Environmental Specifications: Industrial and Coastal with moderate salinity, high exposure. Steel structure outdoors in an atmosphere with a high degree of air pollution.

C5 coating: - galvanizing, primer, powder coating.

The C5 coating means that the device can even be immersed in salted water or with chlorine. Dedicated also for SPA areas with high salinity and high presence of chlorine.
